BAMBO®
Nature

Bambo Nature Protective Bed Mats, 60x90cm, with SAP

Product Description

Bambo Nature Protective Mats are breathable disposable underpads for protecting beds and seating. Providing extra mattress protection for children's beds and cots, these Protective Mats are ideal for children, as the breathable back sheet reduces the risk of skin irritation. The underpad contains both fluff and SAP, which encapsulate liquid, to provide a dry surface faster. In addition, the bed mats have sealed edges for optimum leakage protection, and their surface is covered with a soft nonwoven material for a high level of user comfort.

Bambo Nature Protective Mats provide moderate absorbency.

Specifications

Brand	Bambo Nature
Sub-Brand	Protective Bed Mats
Color	White
Features	With SAP
Single or multiple use	Single use
Material	PE, fluff, nonwoven, SAP
Length/depth	60 cm
Width	90 cm
Weight, net	82 g
Tolerance	+/- 5 cm
Absorption Capacity	2100 ml
Certificates	CE. FSC Mix. MD. Nordic Swan Ecolabel. OEKO-TEX.
CE Class (Medical Devices)	Class I
Product or test standards	ISO 11948-1
Directives, regulations and acts	MDR (EU) 2017/745

Nordic Swan Ecolabel is an official Scandinavian environmental label. Products with the Nordic Swan Ecolabel meet stringent environmental requirements with regard to raw material, production, use, documentation, and safety.

FSC™ (Forest Stewardship Council) is an international non-governmental organization dedicated to the promotion of responsible forest management worldwide. FSC™-certified products are made from raw materials from well-managed forests and responsible sources. The label's traceability and integrity are upheld through stringent control measures, and by choosing FSC™-certified products, you help take care of forests and the people and wildlife that call them home. FSC™ Mix means the product consists of a blend of FSC certified wood and recycled materials. For more information, go to www.fsc.org.

Regulation (EU) 2017/745 is a regulation of the European Union on the clinical investigation and sale of medical devices for human use. It repeals Directive 93/42/EEC, which concerns medical devices, and Directive 90/385/EEC, which concerns active implantable medical devices, on 26 May 2021.

The CE mark guarantees that a product is safe to use and complies with all safety precautions. CE stands for Conformité Européenne (European Conformity) and is mainly found on electronic equipment, safety equipment, construction products, and medical devices.

OEKO-TEX, also known as "Confidence in Textiles", is a health and environmental label used worldwide. The certificate ensures that textiles do not contain substances that are harmful to health or the environment.

Your guarantee that our products have been tested for ingredients which can potentially cause skin irritation. Tests conducted by an independent third-party laboratory.

Odor control is a critical factor in ensuring discreteness for the user. ABENA's incontinence products are designed and engineered to ensure that minimal Odor arises from the product.

The bag is 30% PCR, which means made from plastic materials used by consumers. This will allow us to reduce our plastic waste and to help take care of the environment.

The product is fully breathable for the comfort of the user; also during long-time use. Helps maintain skin integrity.

The product is only for single-use.
