BAMBO®
Nature

Sunscreen, Bambo Nature, 200 ml, SPF 30, No colorant or perfume, 23% lipids, EU

- ✓ Safe sun protection for the whole family
- ✓ With Nordic Swan Ecolable and Astma Allergy
- ✓ Waterproof, absorbs quickly and is easy to apply
- ✓ Optimal UVB and UVA protection

Product Description

Bambo Nature Sunscreen SPF 30 gives you outstanding sun protection through a wide selection of certified sun creams that cover the entire family's need for effective sun protection. What Bambo Nature sunscreens have in common is that they protect effectively against the sun's harmful UVA and UVB rays, while also being light in texture and quickly absorbed. All Bambo Nature's sunscreens are certified with the Nordic Swan Ecolabel and by the Vegan Society, and recommended by Asthma Allergy Nordic, dermatologically tested on sensitive skin, and do not contain neither fragrance nor (perfume or) colorants. The products are Reef Safe, which means that they have been developed so that they have as little impact on the maritime environment as possible when you bath with the sunscreen on. Remember to avoid the harsh sun and apply sunscreen regardless of whether you are directly in the sun or stay in the shade.

Specifications
